

## **ESENTIA Energy Systems Announces Leadership Transition: Daniel Bustos Appointed as New CEO**

**Mexico City, Mexico – November 19, 2024** – ESENTIA Energy Systems, a leader in the natural gas transportation industry, is pleased to announce that as of today, Daniel Bustos, former Executive Vice President of Commercial and Business Development, will assume the role of Chief Executive Officer.

With over 30 years of experience, Daniel Bustos is a talented and proven leader in the natural gas business and has vast experience in multinational companies. We are confident in his ability to lead ESENTIA through the next phase of growth.

We also want to thank Fernando Tovar for his leadership and dedication during his time in ESENTIA. His contributions have been instrumental in positioning our company for future success. We wish him all the best in his next chapter.
