

Joel Alyn Larkins

Director

Mr. Larkins is a seasoned professional with 29 years of comprehensive experience in the energy and infrastructure sectors. He currently serves as a key member of the Infrastructure Asset Management team at Partners Group, acting as head of its Houston office, where he brings a wealth of expertise in the strategic management and optimization of large-scale infrastructure assets.

Mr. Larkins' diverse career has spanned multiple high-profile roles across leading global organizations, including Andeavor, AES, Reliant Energy, LyondellBasell, and ExxonMobil. His extensive background includes leadership in various aspects of operations, project management, and investment strategy, where he has consistently driven value creation and operational excellence. His expertise in both technical and commercial aspects of energy assets has made him a trusted advisor in the industry.

Mr. Larkins holds a bachelor's degree in mechanical engineering from the University of Washington, and an MBA from Stanford University.

Mr. Larkins serves on the board of directors of Partners Group (USA) Inc., Seabras Group, Middle River Power and PowerTransitions.
