ESENTIA announces the filing of an application for authorization to update its registration in the National Securities Registry and a Mixed Global Public Offering of Shares

Mexico City, August 10, 2026 – ESENTIA Energy Development, S.A.B. de C.V. (BMV: ESENTIA) ("ESENTIA" or the "Company"), announces that it has submitted a confidential application for authorization to the National Banking and Securities Commission ("CNBV") regarding the update of the registration in the National Securities Registry of the shares representing its capital stock (the "Shares") in connection with a potential mixed global public offering of Shares, consisting of a primary and secondary public offering of Shares in Mexico to be conducted simultaneously with a primary and secondary public offering of Shares in the United States and other international markets via American Depositary Shares. The number of Shares to be offered as part of the potential offering and the date thereof have not yet been determined. Subject to market and other conditions, the mixed public offering is expected to take place once the CNBV and the SEC have concluded their review process.

About ESENTIA Energy Systems:

ESENTIA Energy Systems is a leading company in Mexico's energy sector, specializing in the transportation and commercialization of natural gas. With more than 20 years of experience, we develop infrastructure projects that drive growth and expand access to energy, contributing to Mexico's well-being and sustainable development. We operate Mexico's largest interconnected natural gas system, supplying reliable, low-cost natural gas from Waha, Texas, through the center of the country to major industrial regions. At ESENTIA Energy Systems, we operate under the highest safety standards and maintain a firm commitment to sustainability and respect for the communities where we operate.
